Malibu Hotel & CABANA

Malibu hotel inspired by Hotel located in California.

A Cabana typically refers to a small shelter or hut, often found near beaches or swimming pools, used to relaxation or changing clothes. In resort settings, Cabanas are often associated with luxury and leisure, providing a private and comfortable space for guests to enjoy the outdoor amenities. So "Cabin Chic" evokes a sense of stylish sophistication with a hint of coastal leisure, which could complement the aesthetic of a menswear resort collection associated with Hotel Malibu.
